Hello!

Please complete this booklet together with daddy and mummy, and bring it back to the kindergarten once you have finished. This information will help your teacher enormously in getting to know you and preparing fun and meaningful activities for you.

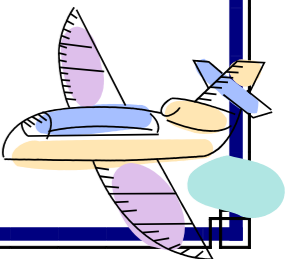

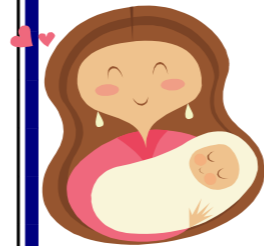

You can either draw your answers, cut out pictures from magazines or use photos to fill it in. If you need to write something down, ask daddy or mummy to help you. We know you may not be able to write by yourself yet, but maybe you'd like to try first!

Thank you very much!
